Classification

GOOD CHOICE

Selar is a good choice for you
and our oceans.

[About WWF ratings](#) ⓘ

Why this is a good choice for you

Selar is abundant in Malaysian waters and is mostly caught using purse seine methods, which have low impact on marine habitats. Choosing Selar helps support healthier oceans and ensures this seafood will be here for generations to come.

Price Outlook (Next 4 weeks) ⓘ

Likely to decrease

Our ML model predicts prices are likely to ease over the next four weeks.

This is based on recent market trends, seasonal patterns, landing volumes and demand signals.

Model confidence ⓘ

High (82%)

Lower prices expected due to increasing landings and stable demand forecast.
